EXULTING prompted BLACK TIDE from the outside as the quartet made its way on the backstretch, moved when ready, rider handling the mount with some confidence, as the third fraction was about to be finalized, altered over to the rail when called upon for more a sixteenth down the road, emerged at the eighth pole in possession of what turned out to be his largest advantage, squandered some of it in the final sixteenth but held sway. BACKSIDE OF THE MOON two wide, loped along at the back of the pack for the opening half, was let out at notch at the half mile pole, covered another furlong before quickening, was under a hard drive and steady left side stickwork angling into path four during the first half of the stretch run, saw the rider then tuck the stick and resort to vigorously shaking the reins, thus getting put on a truer course but without risking any loss of momentum, cut into the lead late but wasn't going by today. BLACK TIDE away the quickest, had control established well before arriving at the conclusion of the chute, showed the way spaced at a slight distance from off the rail, saw the winner chip away at the deficit as the pair travelled around the turn, was already in the process of relinquishing when set down a few jumps shy of the quarter pole, shifted to the outside after the top one took up residence along the inside route in the vicinity of the three-sixteenths marker, failed to keep pace and wound up settling for the show. PROFITEER stayed put along the inside route after stumbling at the break, kept within range of the front runners during the trip leading up to the half mile pole, was set down to a hand drive making his way on the turn, made it into the stretch and steadily backed away.
